ABOUT COLLEGE

St. Ann's College for Women, Hyderabad established by the congregation of the Sisters of St. Ann in 1983, is a premier educational institution in the twin cities of Hyderabad and Secunderabad. The Founder was Smt. Thatipatri Gnanamma; a visionary and missionary who dedicated her life to enlighten and educate poor young girls. Ever since its inception the college has a distinction of excelling in academics and extra-curricular activities. At present the college has a strength of above 3000 students and well qualified staff members belonging to 28 different departments. The college has been accredited **with 'A+' grade (3rd cycle) by NAAC** and recognized as a college with Potential for Excellence (CPE) by UGC. The academic, social and spiritual elements of St. Ann's college education combine to open windows to global opportunities. College was granted "Autonomous" status by UGC in the year 2015.

DEPARTMENT OF MATHEMATICS

MOTTO: "INTEGRATING MINDS TO INFINITE LIMITS"

The Department of Mathematics at St. Ann's College was established in 1985 with a single faculty member and 57 students. Today we are a team of 10 committed faculty members with 585 undergraduate and postgraduate students. The Department is proud of its excellent academic record with its students receiving **8 Osmania University Gold Medals** since its inception. The department endeavours to create awareness among students about the universal applications of the subject. Towards this, events such as guest/extension lectures, math club activities and seminars are organized on a regular basis by faculty. Our faculty members have been serving as resource persons at various organizations to share their expertise in different areas of Mathematics. An Inter-Disciplinary courses on "Applications of Mathematics" for non Mathematics PG and "Mathematics for Competitive Exams" for UG students are being offered. Career Oriented course on "General Mathematics" which develops Critical thinking and problem solving skills has been added under autonomous system.

THEME & SIGNIFICANCE OF THE CONFERENCE

"There are no limits to what you can accomplish, except the ones you set for yourself."

The theme chosen for the conference- "Dream, Believe, and Achieve" aligns with the goal to inspire, educate, encourage, and motivate women in various areas of specialization, both technical and non-technical.

The conference aims to empower women to take charge of their lives and strive to break barriers of success, while taking on new challenges and exploring the unknown. This conference provides an avenue for students, young professionals and experienced practitioners to present their work, latest achievements and innovations in various fields ranging from Mathematics, Data Science, Artificial Intelligence to Personality Development.
